

November 30, 2009

To: Coaches, Parents, Players and Officials

The Shreveport Public Assembly and Recreation Department (SPAR) along with the Athletics Division would like to thank EVERYONE who participated in the 2009 Youth Football League. This year's program involved 84 teams comprised of children from 5-14 years old.

Although it would not have been possible without the dedicated support of the coaches who volunteered countless hours of their time working with the children, let us not forget the support provided by the parents who allowed their children to participate, drove them to practice and, along with the cheerleaders and pep squads, rooted their team on during the games. We also want to recognize the officials who played a vital role in making sure the games were played safely and fairly.

EVERYONE'S support of and participation in this event is greatly appreciated by SPAR and the community. As our program grows from year to year, we hope you will continue to allow your child to participate in next year's youth football league and future SPAR youth programs.

Sincerely,

*Milt Magaw*
