## Standard Parking Selected To Temporarily Manage Parking Services at Shreveport Regional

Standard Parking has been selected to temporarily manage the parking services for Shreveport Regional Airport effective Tuesday afternoon.

Standard will assume control of the parking lots at the airport as soon as Nationwide Parking Services vacates today. Nationwide is expected to leave the premises no later than 4 p.m.

Standard Parking will operate under an interim month-to-month management agreement until a permanent parking plan is determined by the Shreveport Airport Authority. Customers will not be affected during the changeover.

“I am pleased to announce that the airport has a nationally recognized and highly seasoned parking operator now in place,” said Shreveport Mayor Cedric B.
