Re: Nomination of City of Shreveport Acreage
For Oil, Gas & Mineral Lease
Township 17 North, Range 15 West
Caddo Parish, Louisiana

Dear Mayor Perkins:

McGinty-Durham, Inc. desires to obtain Oil, Gas and Mineral Lease coverage as to approximately **523.1227 acres** located in Sections 1, 12, 13, 24, 25 & 36 of Township 17 North, Range 15 West, Caddo Parish, Louisiana. In order to obtain said lease coverage, the City of Shreveport needs to enact a Resolution authorizing the State Mineral Board of the State of Louisiana to advertise and receive sealed bids in a future State Lease Sale.

The schedule of upcoming State Lease Sales indicates that the appropriate resolution should be received by the State Mineral Board prior to a **January 25, 2021 deadline** in order to make the April 14, 2021 State Lease Sale; therefore, we respectfully request that this issue be included on the agenda for the next regular meeting of the Board. If this is not possible, then the next deadline is **February 22, 2021** to make the May 12th Sale. The resolution should authorize the State Mineral Board to act on behalf of the City of Shreveport and should be delivered to the Office of Mineral Resources; Petroleum Lands Division; P.O. Box 2827, Baton Rouge, LA 70821-2827. Since additional plats, descriptions and checks must accompany the Resolution, we would suggest that we pick up said Resolution once it has been prepared, provide the checks and additional information requested, then complete the process. Please note that these identical tracts have previously been approved for nomination by the City Council on two (2) prior occasions in November, 2019 and August, 2020.

According to the rules promulgated by the State Mineral Board, this acreage within multiple sections has been compiled into three (3) separate nominations. Included herewith is a map of each proposed nomination, the descriptions of the City-owned acreage within each nomination and supportive title documents. These nominations include both fee lands owned by the City along with roadbed minerals acquired by the City through various statutory dedications and tax adjudicated lands and are the identical tracts previously nominated by us and approved by the City Council.

Should you have any questions or comments whatsoever, please do not hesitate to contact me at the above address/telephone number. We thank you very much for your cooperation and assistance in this matter.

Very truly yours,
Joe K. McGinty, Jr.
