PURPOSE

Per the above title, this Resolution is to receive authorization from the Shreveport City Council to execute an Entity/State Agreement between the City of Shreveport and the Louisiana Department of Transportation and Development for the City of Shreveport Traffic Signal Backup Project.

BACKGROUND INFORMATION

City Project G00001-Shreveport Traffic Signal Emergency Power Backup is to install backup power generators to power up 38 signal lights in the event of a power outage. This project is funded with federal funds and city funds with the total city contribution being \$360,000. Two old Entity/State Agreements, 737-09-0104 H.006472 and 737-09-0108 H.006475, were combined and superseded with a new agreement. The funds for this project were authorized in the 2021 Capital Projects Fund Budget, Ordinance 136 of 2020, and the Mayor was authorized to execute all contracts to expend and receive the funds. However, LADOTD needs a resolution specifically giving the Mayor authority to sign on behalf of City of Shreveport for contracts with DOTD for this specific project, G00001-Shreveport Traffic Signal Emergency Power Backup.
