PRESS RELEASE

September 25, 2017

Republic Services to offer new recycling schedule

Recycling in the City of Shreveport will change from once a week to every other week starting next month when the City begins its new recycling agreement with Republic Services.

Mayor Ollie Tyler will hold a press conference providing details on the new schedule. The press conference will be held at **2 p.m. Tuesday, September 26, 2017 on the second floor at Government Plaza, 505 Travis St.**

Pratt Industries gave formal notice in March that it could no longer maintain the existing contract terms for providing recycling services after its contract expires in October 2017. The original contract was entered into in 2007 and was for a 10-year renewable term.
