FOR IMMEDIATE RELEASE

Shreveport Police prepare for winter weather conditions

The Shreveport Police Department is gearing up to address the potential threats a winter weather event might bring to our city.

We would like to take this opportunity to remind folks to pay close attention to their neighbors, especially senior citizens, as the temperatures dip below freezing. Please bring your pets inside if possible or make sure they have adequate shelter and blankets or bedding for warmth.

We are encouraging motorists to use extra caution, particularly on bridges and overpasses. Please do not drive if it is not necessary, as roadways can be very dangerous to navigate. If you must get out remember to tailor your driving techniques to the prevailing conditions. Remember, in icy weather conditions bridges and overpasses are subject to closure. Slow down and give yourself plenty of time to get to where you are going.

If you encounter any kind of hazardous conditions or know of a neighbor that may be in need of assistance, please call the Shreveport Police Department immediately at 318-673-BLUE (2583) or, in the event of an emergency, 911.
