## **FOR IMMEDIATE RELEASE**

---

### **Shooting on 3132 leaves man with serious injuries**

Shreveport Police are investigating a shooting that left a man injured on 3132 east early this morning.

Just after 12:30 am on January 18, 2018, Shreveport police responded to what they believed was a minor accident on 3132 east just before the I-49 exit ramp. When officers arrived, they learned that a passenger in the vehicle, 46-year-old Stephen Hurst, was suffering from a single gunshot wound to the face. Hurst was transported to University Health Hospital with serious injuries.

Detectives with Shreveport Police Department's Violent Crimes Unit and Crime Scene Unit responded to the scene. Investigators interviewed a passenger that was in the vehicle during the time of the shooting and learned that they were driving along 3132 when their tire blew out. The passenger did not immediately realize that shots had been fired at them until he observed Hurst's injuries. A female who was driving the car at the time of the incident fled the scene on foot prior to officers arriving on scene. She has not been located. The vehicle was taken to central storage to be processed for evidence.

Detectives are asking for anyone with information about this incident to contact Shreveport Caddo Crime Stoppers at 318-673-7373 or visit their website at [Lockemup.org](http://Lockemup.org). Remember Crime Stoppers only wants your information, not your name.
