FOR IMMEDIATE RELEASE

Investigators make additional arrest related to early June homicide

Suspect Jamarcus Plater

On June 2, 2018 Shreveport Police Homicide investigators launched an investigation into a shooting that left 24 year old Savarea Stickman dead and a 17 year old male injured.

During the initial investigation detectives gathered information that led them to believe that 23 year old Jacory Robinson, from Greenwood, La, and the 17 year old arrived at an apartment complex in the 7200 block of Bernstein Avenue so that Robinson could sell a large amount of Marijuana to an unknown individual. Stickman allegedly began firing shots at Robinson and the passenger as the narcotics exchange was taking place resulting in the 17 year old being shot. Robinson returned fire and struck Stickman multiple times. Stickman died as a result of those injuries. Robinson was located and charged with Conspiracy to Distribute Marijuana.

Through their ongoing investigation detectives learned that 23 year old Jamarcus Plater, of the 200 block of East 73rd Street, was allegedly with Stickman at the time of the robbery. Plater reportedly arranged the narcotics purchase and was in the back seat of Robinson's vehicle negotiating the narcotics transaction when Stickman opened fire on the vehicle. Plater then took the Marijuana from Robinson and hid it in his vehicle and fled the scene on foot. That vehicle and the narcotics were located and recovered shortly after officers arrived at the shooting scene.

On June 12 2018, Plater surrendered himself to authorities at the Shreveport Police Complex. Following interviews he was charged with one count of Armed Robbery and booked into the Shreveport City Jail.
