

Mayor Adrian Perkins congratulates BRF

Mayor Adrian Perkins congratulates BRF's Entrepreneurial Accelerator Program (EAP) on its expansion of economic development services across North Louisiana. Called the North Louisiana Entrepreneurial Accelerator Program, "NorLeap" will now serve entrepreneurs in Shreveport, Caddo, Bossier, and 19 additional Parishes.

"BRF and EAP are serving as an innovation hub in North Louisiana and brightening the spotlight on Shreveport and Northwest Louisiana as the economic center of our region," said Mayor Perkins. "I would like to congratulate them on their \$1.2 million expansion and on the success of this concept, which has now been validated by the U.S. Economic Development Administration."
