## **Statement from Chief Raymond regarding recent video footage from Tommie McGlothen's case**

“This matter is of great concern to me. The Shreveport Police Department has conducted a thorough investigation, which has been sent to the District Attorney’s office. To ensure even greater transparency, Louisiana State Police is reviewing the case. We are also asking that anyone with additional information please contact the Shreveport Police Department.

All four officers involved in this matter have been placed on departmental leave pending the conclusion of an investigation. If the officers violated any of our policies, they will be disciplined accordingly.”
