

BOIL ADVISORY HAS BEEN RESCINDED

**Shreveport Water System
PWS ID# 1017031
Caddo Parish, Louisiana**

**WILLIAM B. DANIEL, IV, P.E.
DIRECTOR, DEPARTMENT OF WATER & SEWERAGE**

**T. L. AMISS
318-673-7650**

DATE: February 26, 2021

BOIL WATER ADVISORY HAS BEEN LIFTED

Portions of the Shreveport Water System have been cleared from the boil advisory. The samples collected and analyzed from these areas were shown to be absent of any coliform bacteriological contamination. After receiving the analytical results, an official of the Louisiana Department of Health approved the rescission of the voluntary boil water advisory. Those customers in the following zip codes may now resume the normal use of their water supplied by the City of Shreveport:

**71101
71102
71103
71104
71105
71106
71107
71108
71109
71110
71115
71117
71118**

Please be advised that customers in zip codes **71119** and **71129** remain under the boil advisory until samples from those areas are analyzed, submitted and approved by the Louisiana Department of Health. These customers will be notified when their area is cleared.
