## **Residential Fire –200 Block of Wall St**

The Shreveport Fire Department was dispatched at 7:59AM this morning to the 200 block of Wall Street to a reported residential fire. Fire Engine 5 was the first unit on scene at 8:02AM and reported two, single story wood frame homes with heavy flames and smoke coming from the rear of both residences. Firefighters quickly established a defensive protection point that protected the other adjacent homes. All occupants from both homes were able to escape. Two occupants were evaluated on scene and transported to local hospitals with non-life threatening injuries.

It took the efforts of 36 firefighters—12 fire units, to place the incident under control. Both residences were total losses. The Salvation Army also responded to the incident and provided the occupants with the need of a temporary residence.

If you or someone you know needs a free smoke detector, please contact the Shreveport Fire Department Fire Prevention Bureau at 318-673-6740. There were no injuries reported to fire personnel. ###
