PART III

SCOPE OF WORK

- 1.0 The goal of this project is twofold: one choose a vendor to successfully capture pavement condition assessment data, and two, choose an independent pavement management software for processing, analyzing, visualizing, and managing the recorded data in a GIS based application. The City of Shreveport's street and roadway system is approximately 1,000 centerline miles of concrete and asphaltic concrete pavement.
- 2.0 The pavement condition survey shall be capable of collecting pavement distress information, such a ride quality, pavement texture, depressions, cracking, and/or rut depth measurements. The data collected will be used to objectively compare conditions across the City, and the information converted to ratings or indices to allow comparisons for pavement conditions across the City's boundaries. The pavement condition indices shall then be utilized by the Consultant to suggest appropriate treatments, rehabilitation and/or reconstruction strategies. All data and resulting survey material will then be incorporated into a report with an accompanying shape file or other file that can be imported to our City's GIS System.
- 3.0 The City is also looking for a management solution for processing, analyzing, visualizing, and managing the recorded data in a GIS based application. This system must have the ability to link Pavement Condition Index (PCI), and Overall Condition Index (OCI) data to the City's enterprise Esri GIS system. The pavement management software should contain tools that allow the City to actively manage , update, and track its ongoing roadway maintenance and improvements program. Services requested include inputting all data collected during the survey into the selected pavement management software. The City previously used Paver 6.5 as its PMS Program.
- 4.0 The scope of work for this project shall include the following tasks:
 - 4.1 The consultant shall attend a project kick-off meeting within 10 work days after the Notice to Proceed.
 - 4.2 The Consultant shall conduct an automated pavement condition survey using definitions and standards in general accordance with ASTM D6433-20, Standard Practice for Roads and Parking Lots Pavement Condition Index (PCI) Surveys.

All roads must be driven in both directions resulting in 100 percent coverage.

The survey shall be performed with minimum impact to traffic.
 - 4.5 The survey shall be conducted at break points established by various cross roads to create individual street segments. A spreadsheet will be supplied by the City to the Consultant, with these road sections presented in the document
 - 4.6 Condition scores shall be calculated using a scale from zero (0) for failed pavement to one hundred (100) for a pavement in perfect condition as described in ASTM D6433.
 - 4.7 An average pavement condition index number shall be assigned to each segment of road based on survey results and calculation of condition scored.
 - 4.8 The consultant shall submit a work schedule before the start of work, and on a weekly basis during survey and rating activity until all field data has been collected and reported in a manner that complies with the deliverables as outlined below.
 - 4.9 The consultant's crew chief or project manager will attend a bi-weekly conference call with the City's project engineer to provide a brief verbal or written summary and description of the previous week's work accomplishments and location as well as the current week's work plan.
 - 4.10 A recommendation for an independent pavement management software.
- 5.0 CITY DATA

What percentage of control/blind site data met established acceptance criteria, linear referencing data quality statistics, etc.)? Provide a bound copy and a digital copy.
- 6.4 Development of separate technical reports with tables, figures, and maps to summarize the condition of City streets as a whole, and maintenance needs. These reports shall contain all collected pavement data; Pavement Condition Ratings; recommended maintenance activities which may include pavement preservation techniques such as micro-surfacing, chip-seals or even total pavement replacement; and a recommended 5-year capital improvement plan with recommended budgets for each year of the 5-year improvement plan.
- 6.5 An excel spreadsheet reporting distress conditions by type, severity, and extent for every road segment surveyed.
- Pavement distress types shall be discussed in the report. Distress types shall include:

2.0 PURPOSE OF THE PROGRAM

2.1 The City of Shreveport has implemented this program to ensure that their **construction and service** contracts provide employment and growth opportunities for small disadvantaged businesses.

2.2 Therefore, when the goal has not been met, prime contractors are required to submit proof showing that good faith efforts have been made to contract with FSC, S/DBE or DBE subcontractors.

2.3 All efforts must be documented.

2.4 Direct commodity purchases made by the City are exempt from the program.

3.0 FAIR SHARE CONTRACT CLAUSES

3.1 The following Fair Share Contract Clauses and Good Faith Effort Requirements are only a small part of the Fair Share Program.

3.1.1 The Fair Share Program full text and forms that will be needed are posted in the Purchasing Office, or available upon request, or available on our web site at www.shreveportla.gov, and are incorporated by reference in all solicitation documents with the same force and effect as if set forth in full text.

3.1.2 ANY DEVIATIONS FROM THE FAIR SHARE REQUIREMENTS LISTED HEREIN MUST BE CLEARLY IDENTIFIED WITH EACH SOLICITATION RESPONSE.

3.1.3 PLEASE CALL THE FAIR SHARE OFFICE AT (318) 673-5060 OR THE PURCHASING DIVISION AT (318) 673-5450 IF YOU HAVE ANY QUESTIONS.

3.2 Prompt Payment Clause

- 3.2.1 The City of Shreveport will, after acceptance of goods or services and the receipt of a proper invoice from the contractor, process request for payment, said payment to be paid within thirty (30) days.
- 3.2.2 Prime contractors shall then be required to ensure payment is made to any designated small or disadvantaged business (subcontractors), within fifteen (15) business days of receipt of payment to the prime contractor from the City.
- 3.2.3 Upon satisfactory completion of a contract, the City and/or prime contractor will ensure that any retainage payments are returned within thirty (30) business days.
- 3.2.4 Failure to comply with the terms of this requirement may be grounds for termination of the contract by the City.
- 3.3 **Affirmative Action Clause**
- 3.3.1 The contractor, sub recipient, or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract.
- 3.3.2 The contractor shall carry out applicable requirements of the appropriate funding guidelines for each contract. Failure by the contractor to carry out these requirements is a material breach of the contract which may result in the termination of this contract or such other remedy as the City deems appropriate.
- 3.4 **Participation of Small Disadvantaged Business Concerns**
- 3.4.1 It is the policy of the City of Shreveport that all prime contractors and service providers utilize qualifying small disadvantaged business concerns.
- 3.4.2 The City has set a goal of 25% for participation of these said business concerns in all City-let contracts and/or purchases.
- 3.4.3 Specific goals are set on federally funded contracts as determined by the regulating federal agency and language to that effect shall be included in those contracts.
- 3.4.4 Failure by a contractor or service provider to include these designated businesses could constitute breach of contract and result in remedial action.
- 3.4.4.1 Assurance of utilization of FSC, S/DBE, and DBE subcontractors is given through FSC FORM 4, Letter of Intent.
- 3.5 **Subcontractor Payment Certification**
- 3.5.1 Every contract by the City for the performance of work will contain a provision requiring the prime contractor to certify in writing that all subcontractors and suppliers have been paid for work and materials from previous progress payments received (less any retainage) by the prime contractor prior to receipt of any further progress payments.
- 3.5.2 In the event a contractor is unable to pay subcontractors or suppliers until it has received a progress payment from the City, the prime contractor shall pay all subcontractors or suppliers funds due, from said progress payments within forty-eight hours of receipt of payment from the City.
- 3.5.3 During the contract and upon completion of the contract, the City may request documentation to certify payments to subcontractors or suppliers. This provision in no way creates any contractual relationship between any subcontractor and the City or any liability on the City for the contractor's failure to make timely payment to the subcontractor.
- 3.6 Fair Share Certified (FSC), S/DBE or DBE PARTICIPATION-GOOD FAITH EFFORT REQUIREMENTS
- 3.7 PRE-BID EFFORTS REQUIRED REGARDING S/DBEs or DBEs
- 3.8 Bidders are **required** to contact, and make good faith efforts to contract with City and Louisiana Unified Certification Program (LAUCP) Certified FSC, S/DBE or DBE firms for each division of work identified in these documents which will be performed by a subcontractor.

- 3.10 These requirements are contractual obligations and are included in all contracts.
- 3.11 Failure to comply may result in a finding of breach of the contract, disqualification of the bidder to bid on future contracts, or a claim for damages.

3.12 Who to contact

3.12.1 For each division of work identified in these documents that will be performed by a subcontractor, Bidders must contact:

3.12.2 Every FSC, S/DBE or DBE firm that attended the pre-bid meeting (if one was held) which specializes in a division of work that will be subcontracted, and

3.13 When to contact

3.13.1 All Bidders must provide project information to FSC, S/DBE, or DBE firms in sufficient time to permit the firm to have an equal opportunity to compete for work that the successful bidder will subcontract together with the date and time that subcontractor's bids are due.

- 6.0 **DOCUMENTS TO BE SUBMITTED AFTER CONTRACT AWARD.**
