FOR IMMEDIATE RELEASE

One killed, one seriously injured in weekend hit and run

Shreveport Police detectives are investigating a hit and run crash that claimed the life of a Minden man and left a woman in critical condition this weekend.

On Saturday, August 14, 2021, Shreveport Police patrol officers were called to the scene of a roll over crash with injuries on LA 3132 East at West 70th Street. On arrival, officers located the occupants of the car, both of whom had been ejected from the vehicle. They suffered life-threatening injuries and were transported to Ochsner LSU Health where the male succumbed to his injuries. The female remains in critical condition.

Investigators with the crash unit were summoned and gathered evidence from the scene and took witness statements. They learned that the blue 2007 Chevy Silverado they were traveling in was struck by another vehicle prior to the rollover. Investigators do not have a description of that vehicle at this time. Police are asking the public's help to identify the vehicle that was responsible for this crash. Caddo Parish Crime Stoppers is willing to pay a minimum \$2,000 cash reward for information. Contact them at 318-673-7373 or via their app, P3Tips.
