**SPAR reimplements COVID-19 safety measures**

Shreveport Public Assembly and Recreation reinstates COVID-19 protocols at all facilities. Starting on January 4, only gymnasiums and outdoor open fields will remain open to the public at SPAR recreation centers.

The maximum occupancy in the gymnasiums will be limited to 25 percent. Patrons are asked to wear a mask and practice social distancing.

Meeting rooms, kitchen areas and workout rooms will close to prevent the spread of COVID-19. No spaces inside of recreation centers will be available for rent, until restrictions have been lifted.

The recreation centers will open from 8:00 a.m. to 7:30 p.m. Monday through Friday and maintain regular hours on Saturdays.
