RESOLUTION NO. 49 OF 2022

A RESOLUTION CALLING UPON THE FEDERAL GOVERNMENT TO URGENTLY ADDRESS THE STUDENT LOAN CRISIS AND ENACT A PLAN TO CANCEL STUDENT LOAN DEBT AND BEGIN THE TRANSITION TO EDUCATION AS A PUBLIC GOOD, AND OTHERWISE PROVIDING WITH RESPECT THERETO.

BY COUNCILMEMBER: TABATHA TAYLOR

WHEREAS, the Shreveport City Council hereby determines that it is timely and necessary to call upon the federal government to urgently address the student loan crisis, enact a plan to cancel student loan debt, and begin the transition to education as a public good; and

WHEREAS, student loan debt burdens more than 44 million Americans, and prevents millions from buying homes, starting businesses, saving for retirement, or even starting families; and

WHEREAS, the student loan crisis impacts nearly 1 in 5 Americans, with Black, Latinx, American Indian and Alaska Native, Asian and Pacific Islander, and other communities of color, low-income residents, and young adults most impacted by student loan debt. Collectively, Americans hold over \$1.6 trillion in student loan debt and growing, and Louisianians alone hold \$22.5 billion in student loan debt; and

WHEREAS, Louisiana's average median household income is \$50,800, Shreveport is \$40,809, while the state's average student loan debt balance is \$34,651. This forces many Louisianians to choose between paying down their debt and meeting their immediate needs, 5.9 percent of borrowers are age 60 and above; and

WHEREAS, just over 26 percent of Shreveport residents hold a bachelor's degree or higher and while Louisiana's average student debt balance is less the national average, Louisiana has one of the highest default rates in the nation, lower median household income results in higher default rates; and

WHEREAS, college is more expensive, and more essential, than ever before. Advancements in technology are making it harder to earn a living wage without an advanced degree, and college graduates earn on average 80 percent more than those with a high school diploma. While college attendance is higher than ever before, the cost of college education has more than doubled over the past generation. Further, many students who take out loans do not ultimately complete a college degree; the default rate among borrowers who didn't complete their degree is three times higher than the rate for borrowers who did earn a degree; and

WHEREAS, the student loan crisis is an issue of racial equity. On average, Black students are more likely to take out student loans; Black borrowers owe more than white borrowers; and Black borrowers pay down their debt more slowly, in part due to the racial wealth gap, the racial pay gap, and racial discrimination in hiring. Black students who earned a bachelor's degree had a default rate nearly four times higher than similarly situation white peers due to complex facets of wealth and wage disparities and structural racism. Black and Latinx students are three times more likely to attend a for-profit college than white students, which are often predatory and result in much higher rates of default. On average, American Indian and Alaska Native student borrowers owe the highest monthly payments. Student debt exacerbates the existing racial wealth gaps and holds many people of color back from building intergeneration wealth; and

WHEREAS, the student loan crisis is an issue of gender equity. While a slight majority of college students are women, women hold roughly two thirds of the nation's student loan debt. Black women, on average, accrue more debt than other women. Because of the gender pay gap, women have a harder time paying off their debt and struggle more financially to do so. A disproportionate number of single mothers attending college attend for-profit colleges and accrue

higher levels of debt than students at non-profit colleges. The intersection of racial and gender wage and wealth gaps make it even harder for women of color to afford college, pay down their student debt, and accrue intergenerational wealth; and

WHEREAS, the student loan crisis is an issue of socioeconomic equity. Low-income students and families are more likely to need to take out loans and to default on loans. First generation college students accrue more debt on average than other students and are more likely to default on their loans. Students who are veterans, parents, or caregivers also face higher risk of default. While higher-income communities are more likely to have loan balances due to higher rates of college attendance, there are far higher rates of economic hardship and delinquency resulting from student loans in low-income communities; and

WHEREAS, cancelling student loan debt and eliminating debt in higher education represents a significant economic opportunity for the City of Shreveport to increase spending in our local community, support residents' wealth-building and social mobility, and provide a deeply needed stimulus during recovery from the COVID-19 pandemic; and

WHEREAS, cancelling student loan debt and eliminating debt in higher education will have a considerable positive impact on the thousands of students that attend college in Shreveport and will help advance an equitable, accessible higher education system for all our residents; and

WHEREAS, cancelling student loan debt and eliminating debt in higher education will improve a range of health outcomes by alleviating debt-associated stress and mental health impacts and improving investments in residents' health services and health outcomes.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Shreveport in due, regular, and legal session convened that the City Council calls upon the federal government to leverage its authority to urgently address the student loan crisis by enacting a plan to cancel student loan debt and begin the transition to education as a public good.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, President Joseph R. Biden, Senators Bill Cassidy and John Kennedy and Representative Mike Johnson.

BE IT FURTHER RESOLVED, that if any provision or item of this resolution or the application thereof is held invalid, such invalidity shall not affect other provisions, items, or application of this resolution which can be given effect without the invalid provisions, items, or application and, to this end, the provisions of this resolution are hereby declared servable.

BE IT FURTHER RESOLVED that all resolutions or parts thereof in conflict herewith are hereby repealed.

RESOLUTION NO. 53 OF 2022

A RESOLUTION TO SUPPORT THE DEVELOPMENT OF PASSENGER RAIL SERVICE FROM FORT WORTH, TX THROUGH THE CITY OF SHREVEPORT, LA TO ATLANTA, GA ALONG THE I20 CORRIDOR, AND TO OTHERWISE PROVIDE WITH RESPECT THERETO

WHEREAS, in November of 2021, Congress passed a major bi-partisan infrastructure bill, which includes some sixty-six (66) billion dollar allocation for passenger rail and Amtrak; WHEREAS, connecting Fort Worth, Texas and Atlanta, Georgia, with points along the Interstate 20 Corridor including the City of Shreveport, would establish a passenger rail connection joining more than 14 million residents throughout Texas, Louisiana, Mississippi, Alabama and Georgia, and connecting these states with the East Coast and onward north to New York; WHEREAS, the existing Interstate 20 was constructed almost sixty years ago, and there has been no material increase in capacity, despite the population growth throughout these states of two to three times during the last two generations, and there appear to be no present plans to materially expand the existing four lanes of Interstate 20 for the foreseeable future;

WHEREAS, the I-20 Corridor Council, representing many cities and councils of governments along the proposed route obtained federal funding and has completed two important studies, including (1) a 2015 Amtrak feasibility study which determined that a long-distance passenger rail connection could operate profitably over the existing railroad infrastructure would require no annual governmental subsidy, and (2) a 2017 capacity study suggested that a capital expenditure investment of less than \$80 million in Texas, Louisiana, and Mississippi. This would represent a fraction of the cost of conventional highway construction and would enable new passenger rail service on the route without adversely affecting freight traffic along the host railroad; and

WHEREAS, the I-20 Rail Corridor service would provide an east-west connection consisting of two daily passenger trains for the regions of Dallas, Fort Worth and Atlanta and would run through the City of Shreveport; and the proposed railway service will connect surrounding regions and result in increased economic viability for cities along the railway route for tourism and increased mobility by providing an alternative means of transportation; and

WHEREAS, grassroots, multi-state coalitions including mayors, local, state and federal officials, business and economic leaders and many other stakeholders have shown great support for this opportunity along the I-20 corridor, and creating an economical and environmentally attractive addition to highway travel;

WHEREAS, the proposed acquisition of the Kansas City Southern Railway (“KCS”) by Canadian Pacific Railway (“CP”) is pending before the United States Surface Transportation Board, and Canadian Pacific and Amtrak have announced plans to conduct a study to finalize a cooperative agreement to operate the passenger train for the I 20 Corridor along the trackage being acquired by Canadian Pacific;

NOW THEREFORE BE IT RESOLVED by the City of Shreveport in legal session convened, hereby recognizes and supports the efforts to construct and operate a long-distance passenger rail connection along the I-20 corridor, also supports the approval of the Surface Transportation Board of the merger between Kansas City Southern and Canadian Pacific Railway, and further supports the efforts to improve on-time performance of Amtrak passenger trains with the host railroad carriers.
