ADDITIONAL COMMUNICATIONS:

ADDITIONAL COMMUNICATIONS FROM THE MAYOR

ADDITIONAL COMMUNICATIONS FROM COUNCIL MEMBERS

Councilman Nickelson: Chief while you are here, I'm not asking you to discuss an ongoing investigation but I'll say on the record as you know, I have received constant inquiries from citizens about the status of the investigation into the death of Landry Anglin at my neighbor's home. My district and the entire city is deeply concerned about that. So, I just ask you to keep me updated as you can and please do everything you can to bring that child's murderer to justice.

Chief Smith: Absolutely, the case is very actively under investigation. Progress is being made in conjunction with the DA's office. So, we are all on the same page and I am quite confident that in due time, hopefully not too long some other information will happen and, you know, we will be doing a news release of some sort.

Councilman Nickelson: Mr. Chairman, one other comment I'd like to make, I'd asked you and our colleagues to pray for thirteen-year-old Brenda Adler and her family. You know, on May 2nd, a thirteen-year-old was shot dead, four doors down from my house and last Friday another thirteen-year-old little girl lost her life because for some reason, she was in a car with a man with drugs and guns at 11:30 at night on a high speed chase with the police and, you know, one of her teachers posted some video and photographs of her and she, you know, I have a thirteen-year-old child and I was thirteen once myself and it just breaks my heart to see another child die by violence in our city and in my district. So, pray for her family and let's all work together in the time we have remaining to address the city's problems and to the greatest extent possible prevent that from happening to other families.

Councilman Green: That started in Bossier, right?

Mayor Perkins: Yeah, I was about to say for the record, because I am getting a lot of emails about that incident, that was not Shreveport Police Department during that chase. We actually have call off criteria and procedures within SPD. So, the SPD was not involved.

Councilman Nickelson: I appreciate that, and I will say in response to your remarks Mr. Mayor, I do not understand why a law enforcement agency would engage in a high-speed chase that endangers life in response to a traffic violation. That seems like a very poor decision, and it is something that is against the policies of many law enforcement agencies around the country.

EXECUTIVE SESSION: NONE

ADJOURNMENT: There being no further business to come before the council, the city council meeting adjourned at 5:10 p.m.

James Green, Chairman
