City of Shreveport Partners with REV Entertainment To Build New Sports Complex

Mayor Adrian Perkins announces a new partnership between the City of Shreveport and REV Entertainment to build a new multi-sports facility.

“We are on the threshold of transformation and invite the citizens of Shreveport to help us revitalize the 180 acres at the Fair Grounds,” said Mayor Adrian Perkins. “We are going to build a new state-of-the-art facility that houses baseball, other sports, and entertainment. I know many of us have fond memories watching a Shreveport Captain’s baseball game, and soon we will have a new place to create those same types of memories.”

REV Entertainment, an Arlington, Texas-based company, is a full-service company with the goal of producing first-class sports and entertainment events nationwide. REV Entertainment serves as the exclusive events partner to Globe Life Field, which is home to the Texas Rangers.

“The opportunity to work with the City of Shreveport, its residents, and its business leaders is a great point of pride for our team. We are thrilled to bring not only baseball back to Shreveport but to also use sports as an anchor for development and a catalyst for entertainment,” said Sean Decker, President of REV Entertainment. “We are excited to work alongside the community to dream big together and we can’t wait to start bringing this shared vision to life.”

The City of Shreveport held a series of meetings with stakeholders. The development of this project is being done in collaboration with The State Fair of Louisiana, Independence Bowl, the Louisiana State Exhibit Museum, the Shreveport Mudbugs, and the Queensborough Neighborhood Association.

We are asking for the citizen’s help! We want community input to help move and reimagine what an outdoor sports complex could look like! We encourage everyone to dream big and visit <https://reimagine.shreveportla.gov/> to share those ideas with us!
