**FISCAL IMPACT ANALYSIS PRESENTATION**

The City of Shreveport and the Office of Community Development will release an update on its ongoing work to assess the economic impact of the fiscal challenges arising from the growth of our community and the entire region.

The Shreveport Fiscal Impact Analysis will be presented by Joe Minicozzi, AICP Principal, URBAN3, LLC on Monday, March 13 from 6:30 p.m. – 8:30 p.m. at the University Center Theatre on the campus of Louisiana State University Shreveport.

This will include the analysis of public revenues and expenditures associated with current and future land use decisions within the City of Shreveport. It will also look at the various development types in the City's long-term municipal finances. URBAN3 will also outline the cost of growth and long-term obligations to create a healthy, sustainable fiscal future for our community.

The presentation is hosted by the City of Shreveport, Downtown Shreveport Development Corporation, and LSU-S.

For further information on the release Contact Bonnie Moore at the Office of Community Development at (318) 673-5900.
