FOR IMMEDIATE RELEASE

April 6, 2023

Two Cross Lake Spillway Gates Opened

The City of Shreveport's Department of Water and Sewerage opened two of the Cross Lake spillway gates Monday to release some of the runoff from our recent rainy weather. When operators tried to open spillway gate three on Wednesday, they encountered a malfunction and were unable to successfully open the gate. Emergency repair crews have been called in to assist and repairs will be made as soon as possible. The City of Shreveport will continue to monitor the weather and will keep the two spillway gates open as long as needed.
