FOR IMMEDIATE RELEASE

Tom Arceneaux

MAYOR

07/13/2023

**Mayor's Summer Interns make donations to the
Providence House and the Shreveport Rescue Mission**

Mayor Arceneaux was excited to have 27 interns throughout the City of Shreveport for the Mayor's Summer Internship Program. This program is designed for college students, recent graduate college students and/or first semester graduate students.

The Mayor was ecstatic when he learned of the service project the Interns choose. They will deliver toiletries and other items to the Providence House and the Shreveport Rescue mission today beginning at 3PM. Both these agencies serve many of our citizens. This act of kindness is a prime example of the leaders we have in this city, and how they are willing to put the community first.

This is Shreveport and I am proud of the work these young adults have done for the last six weeks.
