Repair of Water Main at Bert Kouns and I-49

The Department of Water and Sewerage will be repairing a 16 inch water main at Bert Kouns and I-49. This work will be scheduled in two phases. The first is to install two isolation valves on either side of I-49. The first phase will start at 11:00 p.m. on Saturday, February 22 as to minimize impacts to customers. This part of the work is expected to be complete by 6:00 am Sunday morning. Affected customers have been notified. The second phase of work to repair the main under I-49 will be scheduled at a later date after the pipe has been inspected.

If there are questions or concerns, please contact the Department of Water and Sewerage at 673-7660.
