Update on City Jail Booking Site Outage

Media Members,

We at the Shreveport Police Department want to inform you that the city jail booking site is currently down as we transition to a new and improved records management system. The City of Shreveport's IT department and the SPD are actively working to resolve this issue.

In the meantime, the SPD Public Information Office will provide updates on recent city jail bookings as often as possible. We understand the importance of this information to your reporting and appreciate your patience as we work to restore the system. You may continue to make public records request here:

[Public Records Request PortalNextRequest - Modern FOIA & Public Records Request Software](#) .

Thank you for your understanding and cooperation.
