**Shreveport Police Department Conducts Successful Seatbelt Checkpoint on
Kings Hwy**

The Shreveport Police Department's Traffic Unit conducted a Seatbelt Checkpoint in the 500 block of Kings Hwy on August 13, 2024, from 2 p.m. to 9 p.m. This initiative was primarily aimed at ensuring compliance with the State's occupant protection laws. However, the checkpoint extended its focus to encompass a broader range of traffic violations.

During the operation, a total of 2,353 vehicles passed through the checkpoint. This led to 221 citations being issued for various violations. Additionally, 6 vehicles were impounded, and one individual was arrested on active warrants from the Shreveport City Marshal's Office.

The Shreveport Police Department would like to extend its gratitude to our partnering agencies for their critical assistance in making this public safety project a success. Their support and collaboration were instrumental in ensuring the safety and well-being of our community.
