FOR IMMEDIATE RELEASE

December 26, 2024

Mayor Arceneaux to Have Hip Surgery

Shreveport Mayor Tom Arceneaux will have an elective hip replacement surgery on Friday, December 27. The mayor has suffered from hip pain for a number of weeks and expects to make a full recovery.

The mayor will be focused on his recovery for 48-72 hours and expects to resume his duties at that time. Mayor Arceneaux reached out to members of the City Council to inform them of this procedure. During the post-procedure period, the Council Chairman will act as mayor pro tempore in accordance with the City Charter.

The Office of the Mayor will remain fully operational, and city business will continue without interruption under the leadership of senior staff.

Mayor Arceneaux expressed his gratitude to the people of Shreveport for their support and understanding. He looks forward to resuming his full schedule as soon as possible and continuing his work on behalf of the city.

For any urgent matters during this period, please contact the Mayor's Office at 318-673-5010.
