FOR IMMEDIATE RELEASE

February 11, 2025

City of Shreveport Launches Job Connection Website for Dr. Reddy's Employees

In response to the upcoming closure of the Dr. Reddy's facility on March 14, 2025, the City of Shreveport has launched a new online resource to support affected employees. The website, created by the City's Economic Development Department, will be available starting February 11, 2025. It is designed to connect Dr. Reddy's employees with local employers and career opportunities as they navigate this challenging transition.

The new website will serve as a one-stop resource for employees seeking new opportunities and for local businesses eager to connect with a talented workforce. Employees and employers alike can access the site through the City's One-Stop platform, the City's website, and the Shreveport Chamber of Commerce. Links here:

www.shreveportreddyjobs.com

www.shreveportla.gov

www.shreveportchamber.org

Local employers, please reach out to the Director of Economic Development, Bill Sabo, to post any job openings on the website. Businesses looking to hire are encouraged to contribute to this effort to retain skilled workers within the Shreveport community.

For more information and to access the new website, visit the City of Shreveport's website or contact the Economic Development Department at 318-673-5407.
