76th Shreveport Firefighter Hiring Process

The Shreveport Fire Department will start an active hiring process today April 1, 2025, beginning at 10AM for its 76th Firefighter class. This process will be conducting the initial hiring process notifications through a mass text and email system called EverBridge. This system will notify the list of applicants that have taken the Louisiana State Firefighter Civil Service exam within the last two years.

The system will only notify those applicants that have populated their civil service applications with a cell phone number and email address. There are some applicants that may not have populated these demographics but have an active score, if so, these applicants can still apply, and their names will be checked with the Louisiana State Examiners Civil Service testing list for accuracy. SFD

Applications will be accepted until April 18th at midnight. Each applicant must have an active Louisiana Civil Service Exam score. You can take this exam online at a cost of \$40. The link to access this exam is

<https://ose.louisiana.gov/testing-employment/competitive-applicants/online-testing/>

Fire Chief Clarence Reese, Jr. is very excited to launch this hiring process step in order to help improve the departments' selection pool of qualified applicants.
