Officer Integrity Statement

The City of Shreveport and Mayor Tom Arceneaux stand in full support of Police Chief Wayne Smith and the leadership of the Shreveport Police Department as they respond to images circulating on social media involving SPD officers participating in a car wash hosted by a local gentlemen's club.

"The professionalism of our police department is paramount to building and maintaining public trust," said Mayor Arceneaux. "We support Chief Smith in his efforts to hold officers accountable and take appropriate disciplinary action when behavior does not reflect the standards of the department or the expectations of our community."

The Mayor's Office is committed to transparency and accountability and will continue working closely with the Shreveport Police Department to uphold the values of service, respect, and professionalism.

"This incident does not reflect the culture of SPD, the vast majority of officers who serve this city honorably every day, or the City of Shreveport," added Mayor Arceneaux. "We are addressing this matter seriously, and we remain focused on building a department that earns the trust and respect of every Shreveport resident."

The City appreciates the public's understanding and support as this matter is addressed internally.
