SPD K-9 Enzo Tracks Down Suspected Burglar at DOTD Worksite

Anthony Stout

On August 8, 2025, at approximately 1:53 a.m., Shreveport Police Communications received a call for service from Louisiana Department of Transportation and Development (DOTD) employees and contractors working at 8805 St. Vincent Avenue. Upon arriving at the site, workers observed a man actively breaking into large construction storage containers used to secure valuable tools and work-related equipment.

According to witnesses, once the suspect noticed them, he fled into a nearby wooded area, leaving behind the Dodge Ram truck he had driven to the location. The truck, which had been backed in, was loaded with DOTD property, and additional stolen items were staged nearby, apparently awaiting transport. The suspect was described as wearing a dark-colored shirt or jacket.

SPD K-9 Rudo initially conducted an area search but concluded due to high heat and safety considerations for the canine. SPD K-9 Enzo and his handler were then deployed to a different area of interest.

The search area was heavily overgrown and poorly lit, with multiple hazards including large rocks, piles of railroad cross ties, and mounds of roadway material. Approximately 30 to 50 yards into the brush, K-9 Enzo located and engaged the suspect, who was found lying down and attempting to hide near a rock pile and railroad ties.

The suspect, identified as 43-year-old Anthony Stout (DOB 7/27/81), was wearing a headlamp and gloves at the time of his arrest. Shreveport Fire Department personnel provided medical care for injuries to his right forearm.

Further investigation revealed Stout had multiple active warrants out of Bossier Parish for burglary-related charges. He now faces additional burglary charges in Shreveport.

This case highlights the skill, determination, and teamwork of the SPD K-9 Unit and responding officers. SPD commends K-9 Enzo and his handler for their exceptional work in locating and apprehending a dangerous suspect.
