Shreveport Fire Department Responds to Duplex Fire on Anna Street

Shreveport, LA — The Shreveport Fire Department responded to a residential structure fire in the 1800 block of Anna Street earlier today after the Caddo 911 Dispatch Center received a call from a passerby reporting smoke in the area. Shreveport Fire units were dispatched at 8:17 AM and arrived on scene roughly three (3) minutes later.

Engine Four (4) arrived on scene as the first-in company and reported heavy smoke showing from the top of a two-story, wood-frame duplex. Due to the conditions observed, a full structural fire response was initiated.

A total of 15 units operated by 45 Shreveport Fire Department personnel responded to the scene. Firefighters conducted an aggressive interior attack to bring the fire under control in approximately 20+ minutes. At the time of the incident, no occupants were home, and it is currently unknown whether the structure was equipped with a working smoke alarm.

There were no injuries reported to firefighters or civilians.

The cause of the fire remains under investigation. ###

A faint, light-colored graphic of a city skyline is visible in the background of the bottom section of the page. It features several tall buildings of varying heights and styles, rendered in a simple line-art style.
