**FOR IMMEDIATE RELEASE**

12/5/25

## Fatal Pedestrian Crash

On December 3, 2025, at approximately 1536 hours, the Shreveport Police Department responded to the 2900 block of Knight Street regarding a major crash involving a vehicle and a pedestrian. Upon arrival, officers located an older Black male lying unconscious in the roadway. Officers determined that he had been struck by a blue 2007 Toyota Highlander.

The pedestrian was transported to Ochsner LSU Health with life-threatening injuries. The Shreveport Police Department Crash Investigations Unit responded to the scene.

A preliminary investigation indicates that the driver was traveling northbound in the 2900 block of Knight Street when the pedestrian walked into the roadway in front of the vehicle. The driver was unable to stop in time, resulting in the collision. While investigators were still on scene, they were notified that the pedestrian had succumbed to his injuries.

The driver was transported to Ochsner LSU Health, where he voluntarily provided a blood sample. No impairment is suspected.
