FOR IMMEDIATE RELEASE   **12/22/25**

Shreveport Police Arrest Suspect in Vehicle Burglary Involving Stolen Firearm

Marcus Smith

On December 18, officers with the Shreveport Police Department responded to a reported vehicle burglary in the 4600 block of Mansfield Road. During the investigation, officers determined that a firearm had been stolen from the vehicle.

Through coordinated investigative efforts with the Bossier Parish Sheriff's Office, detectives were able to identify a suspect, Marcus Smith, in connection with the burglary. Detectives later responded to Smith's residence in Keithville, where a search warrant was executed and evidence related to the investigation was recovered.

With assistance from the Bossier Parish Sheriff's Office and the Caddo Parish Sheriff's Office, an arrest warrant was issued for Smith for one count of Aggravated Burglary.

On December 21, officers attempted a traffic stop on Smith, which resulted in him being taken into custody. In addition to the aggravated burglary charge, Smith now faces charges of Careless Operation, No Driver's License, and multiple traffic-related offenses.

This case highlights the importance of interagency cooperation and the continued commitment of local law enforcement to recover stolen firearms and remove offenders from our streets who pose a threat to public safety.
