FOR IMMEDIATE RELEASE

2/25/26

Grand Opening

The Shreveport Police Department is proud and incredibly excited to announce the official opening of the North Shreveport Police Substation, a significant investment in strengthening public safety and enhancing services to the citizens of North Shreveport.

The Grand Opening ceremony will be held on March 5, 2026, at 10:00 AM at 1407 North Market Street. The event will include a formal program followed by guided tours of the new facility. Attendees will also receive information regarding the future Domestic Violence Center, which will be the first facility of its kind in our region — designed to provide comprehensive support and resources for victims and families in need.

This substation sits on land generously donated by the North Shreveport Business Association, whose commitment to the revitalization and safety of this corridor has played a vital role in making this project possible.

The Shreveport Police Department also extends sincere gratitude to members of our local city government, including Mayor Tom Arceneaux and the Shreveport City Council, for their dedication to investing in public safety and ensuring officers have the tools and facilities necessary to better serve our city.

This new substation represents more than just a building — it represents partnership, progress, and a shared commitment to a safer Shreveport.

We look forward to welcoming community members, partners, and stakeholders as we celebrate this important milestone together.

Location: 1407 North Market Street

Date: March 5, 2026

Time: 10:00 AM
