US&R Confined Space Awareness

True/False

Indicate whether the statement is true or false.

- ___ 1. The key to controlling potentially hazardous energy sources is to first identify the problem and then take control of the energy sources.
- ___ 2. In practice, identifying the lockout/tagout requirements should be part of the confined space entry permit issuing process.
- ___ 3. Whether people are inside or outside of the confined space, they can be affected by temperature.
- ___ 4. Careful medical monitoring eliminates the need to manage the risks at an incident.

Multiple Choice

Identify the choice that best completes the statement or answers the question.

- ___ 5. ____, prior to entry, is a requirement of any confined space entry.
 - a. Self-contained breathing apparatus (SCBA)
 - b. A sense of urgency
 - c. Preparation
 - d. Smelling or sniffing
- ___ 6. The ____ range has a lower and an upper flammable limit.
 - a. calibrated
 - b. flammable
 - c. flash point
 - d. hot point
- ___ 7. A rescuer should treat all confined spaces as ____.
 - a. permit-required spaces
 - b. physical hazard spaces
 - c. atmospheric hazards
 - d. flammable atmospheres
- ___ 8. A(n) ____ is a written document that outlines what will occur within a confined space.
 - a. opening permit
 - b. preparation document
 - c. entry permit
 - d. confined space permit
- ___ 9. A(n) ____ is an individual who is stationed outside one or more permit-required confined spaces.
 - a. supervisor
 - b. attendant
 - c. entrant
 - d. authorized entrant
- ___ 10. ____ are trained to be aware of the hazards, controls, roles, responsibilities, needed equipment, and other requirements for safe entry.
 - a. Hazards entrants
 - b. Authorized entrants
 - c. Rescue attendants
 - d. Supervisory attendants
- ___ 11. A(n) ____ is in charge of the program during permit-required entries.
 - a. confined space supervisor
 - b. hazards attendant
 - c. authorized entrant
 - d. rescue attendant
- ___ 12. With or without a preplan, a rescuer must be prepared to conduct a(n) ____ assessment.
 - a. incident report
 - b. implementation
 - c. implementation
 - d. implementation
