PRESS RELEASE

---

**March 18, 2015**

## **Public Works crews repair streets after storms**

Recent cold weather and rains have caused potholes all around the city. Crews with the department of Public Works have been working diligently to fill those holes.

"One of our highest priorities is to correct this situation," said Mayor Ollie Tyler. "Street repair crews are working until 7 p.m., Monday through Friday and also on Saturdays repairing potholes until we get caught up."

Citizens are encouraged to contact the Public Works Department - Streets & Drainage Division at 673-6330 to report a pothole.

In addition, \$5.2 million in street repairs began this week on the second half of the Minor Arterial Street Asphalt Overlay Program. Funding for this program comes from the Streets Special Revenue Fund. This work includes base repair and asphalt overlay of the following streets:

**Linwood Avenue**, Bert Kouns to City Limits  
**Buncombe Road**, 70th Street to Pines Road  
**Mansfield Road**, Hearne Avenue to Greenwood Road  
**Jefferson Paige Road**, I-220 to Pines Road  
**Stoner Avenue**, Creswell to Louisiana  
**Milam Street**, Douglass to Exposition  
**Woolworth Road**, Bert Kouns to City Limits  
**Williamson Way**, Kingston to Mansfield  
**Ellerbe Road**, Overton Brooks to City Limits

The work is scheduled for completion in 90 days.
