PRESS RELEASE

April 21, 2015

Street repairs complete in MLK and SporTran routes restored

Routines returned to normal today for SporTran customers on routes 12 and 18. The City of Shreveport completed work on streets this week in the Martin Luther King Jr. Neighborhood. SportTran resumed normal schedules at 3:30 p.m. on the two routes that were detoured due to road work.

The work was completed a few days ahead of schedule, despite inclement weather. The repairs included Audrey Lane, East West Avenue, Fifth Street, and Freddie Street.
