**Contact:** Cpl. Marcus Hines, Public Information Officer

## **FOR IMMEDIATE RELEASE**

---

### **Flood related street closures**

In the interest of public safety, the Shreveport Police Department is continually monitoring area roadways for potentially rising waters or other situations which may present hazardous conditions for our citizens.

As a result of this effort and based on the latest assessments, several streets and intersections have been temporally closed. The following roadways and intersections will remain closed until a time they are rendered safe for public use. An updated list of closures or openings will be provided by this office periodically throughout the day as situations evolve. Thanks in advance, Marcus.
