**FOR IMMEDIATE RELEASE**

---

## **Additional portions of Clyde Fant set to close**

Operations are underway to close additional portions of Clyde Fant Memorial Parkway due to potential flooding.

Officials with the City of Shreveport, based on their latest assessments, have made the decision to close an additional segment of Clyde Fant Memorial Parkway, extending from Island Park Boulevard south, to West 70th Street. The closure, due to the potential of high water along the roadway, will not affect residents living in the surrounding apartment communities. Those residents will be able to access their homes. Officials will continue to provide updates on the closure and details as they become available.
