### **Working Smoke Detectors Save Lives in Queensborough house fire**

This morning at 02:48 hours the Shreveport Fire Department responded to a house fire in the 2800 block of Frederick Street. Shreveport Fire Department units arrived on scene at 02:52 hours. The fire was put under control at 3:11 hours.

Engine 8 arrived first on the scene starting the initial attack with smoke visible from the residence. All of the residents of the home escaped safely because of the smoke detectors that were installed by the Shreveport Fire Department earlier this year. If you need smoke detectors in your home, please call the Fire Department at 673-6740. No one was injured and the fire is under investigation at this time
