Boil Water Advisory Lifted for Fairfield Avenue

The Department of Water & Sewerage has lifted the voluntary boil advisory for Fairfield Avenue in the 3100-3500 blocks.

The water supplied by the distribution system to the facility was tested for microbiological quality. The satisfactory laboratory test results were obtained and the Department of Water & Sewerage, with approval from the Department of Health and Hospitals, has rescinded the boil advisory and the water has been deemed safe for consumption.

**Water Supply Representative: Qiana Maple-Lars
Title: Superintendent, Field Operations**
