---

## **Shreveport Police investigate discovery of man found slain**

Shreveport Police detectives are in the early stages of an investigation into the death of a Shreveport man whose body was discovered outside a west Shreveport home Friday morning.

Just after 10:30 a.m. on July 8, 2016, Shreveport Police patrol officers were called to an abandoned residence located in the 300 block of West 77th Street relative to the discovery of a deceased man located outside of the home, in the rear of the residence. The man was positively identified as 35 year old Curtis Williams of Shreveport.

At current, the inquiry has not revealed what led up to the shooting and investigators are still seeking leads. It appears Williams suffered a single gunshot wound to the upper body, and may have been dead for several hours prior to his discovery. Evidence of a shooting was located near where Williams was discovered; however, there is still much to be done as the investigation continues. Persons with any information about this crime are urged to contact Crime Stoppers at (318) 673-7373.
