Caddo Parish, Louisiana**

**T. L. AMISS PLANT  
318-673-7650**

***DATE: 12/21/2016***

### **BOIL WATER ADVISORY HAS BEEN LIFTED**

The boil advisory for the following has been rescinded:

**Site Location(s):**

***400-500 block of Spring Street, 200 block of Texas Street, 100-200 block of Milam Street, and 500-600 block of Market Street***

Sample collected and analyzed from the limited area above was shown to be absent of any coliform bacteriological contamination. After receiving the analytical results, an official of the Department of Health and Hospitals approved the rescission of the voluntary boil water advisory. Those customers may now resume the normal use of their water supplied by the City of Shreveport.
