FOR IMMEDIATE RELEASE

Two injured in Clarke Boulevard shooting

A weekend shooting in west Shreveport leaves two juveniles injured and authorities seeking a suspect.

Just before 8:30 p.m. on January 29, 2017, Shreveport Police patrol officers responded to a reported shooting in the 3800 block of Clarke Boulevard in west Shreveport. On officers arrival there, contact was made with two shooting victims, both who were reportedly injured after a silver, four door car drove past their home and fired shots striking them. The victims, a male and female juvenile, suffered minor injuries, with the female juvenile being transported to University Health hospital with a gunshot wound to the arm. The male, who was treated on scene, also suffered a gunshot wound to the arm. Both victims were outside of the home when shots were fired. There were no other injuries reported.

Officers collected evidence of the shooting there at the home and along the roadway, suggesting the suspects fired multiple rounds at the residence. Prior to the arrival of officers, it was reported that occupants present at the residence in the 3300 block of Clarke had been involved in a verbal dispute with other neighbors in the same block, moments prior to the shooting. Investigators with the Shreveport Police Department's Violent Crimes Unit arrived at the home and began their inquiry into the matter. At current there have been no arrests. Authorities are asking anyone with information about the crime to contact Crimestoppers at (318) 673-7373 or visit their website at www.lockemup.org
