---

## **Shreveport Police investigate fatal accident**

Shreveport Police are investigating a motor vehicle accident that claimed the life of a man early Sunday morning in north Shreveport.

Just after 12:30 a.m. on June 4, 2017, Shreveport Police patrol officers were called to the 2900 block of North Market Street on reports of a man being struck by a vehicle. Officers arrived and learned that the victim was critically injured after he was struck a 1995 Chevrolet pickup traveling north on North Market Street. The victim was taken via ambulance to University Health hospital where he later succumbed to his injuries.

The driver of the Chevrolet truck, identified as 22 year old Shabrea White of the 2900 block of Peach Street in Shreveport, Louisiana, was detained at the scene, and later transported to the Shreveport Police Department's Selective Enforcement Office for state mandated toxicology testing. Impairment on the part of White was not immediately suspected; however; official results of the tests were not readily available. Based on preliminary evidence gathered at the scene, it appears that the victim was walking outside of a designated crosswalk in the lane of travel when he was struck by White. White was released pending toxicology test results
